

REMARKS/ARGUMENTS

Favorable reconsideration of this application as presently amended and in light of the following discussion is respectfully requested.

After entry of the foregoing amendment, Claims 1-9 are pending in the present application and all stand allowed.

Claim 8 is amended correcting a minor informality. Thus, no new matter is added.

The Examiner's Amendment to the Abstract in the Notice of Allowance of February 7, 2007 recited "a locking member including a *locking portion* installed pivotably to the upper shell and engaged in an engagement concavity." Applicants respectfully submit a replacement abstract reciting "a locking member including a *shaft portion* installed pivotably to the upper shell and a *locking portion* engaged in an engagement concavity" to correspond to features recited in allowed Claim 1.

Accordingly, Applicants respectfully request these amendments be entered.

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,
MAIER & NEUSTADT, P.C.
